

## SUMMARY

2020 seemed like a hopeless year but in 2021 we believe God's plan for youth shines bright. Start your year off right with a correct view of self by establishing Godly principles and habits to carry you through any situation. Imago Dei which means the "Image of God" is the theme of our month. We encourage you to look past any wrong labels and search hard for Gods truth by reading His word, hearing His voice, and believing His promises!
